"OUR PURPOSE"

- 1) When you think of living as a Christ centered person, what does that mean to you, and what are the implications of living that way?
- 2) What helps you to stay Christ centered, and what is the greatest enemy of Christ centeredness in your life these days?
- 3) In a world of diverse and often deeply divided opinions, how can we as Christians stay united in Christian communities (local churches)?
- 4) What are some ways, both as individuals and as a church, that we can help people follow Jesus?
- 5) As a group try writing a 3-5 point point plan for what we (Woodlands Church) can do to help people both locally and globally follow Jesus.
